Collect rubbings from each of the eight official site marker medallions!

Medallions were designed by students at each school during the 2019-2020 school year. Design Challenge Winners' artwork will be displayed near each sculpture on a plaque.

Before you start your tour, download and print an official collector's passport. Place the printed passport page over the medallion on site. Rub using the side of a pencil or crayon. Visit all eight locations to complete your travel keepsake!

The rubbing medallions are part of the Celebration of Education Sculpture Series, a project of The Moorman Foundation and Arts Quincy, America's First Arts Council.
